MEMORANDUM FOR: Acting Director, National Photographic Interpretation Center

THROUGH : Chief, Support Staff

SUBJECT : Request for Overrun of [redacted] from FY 1965 Funds for Contract [redacted] 25X1 25X1

REFERENCE : Chief, Administrative Staff, O/DDI Memorandum dated 4 February 1964: Approval of Research and Development Activities

1. In 1965 NPIC contracted with [redacted] 25X1 25X1 25X1 for the design and fabrication of two Multi-format Data Block Readers (MFDBR) - one for NPIC and one for GIMRADA - under joint procurement. This is a Cost-Plus-Incentive Fee Contract in the amount of [redacted] 25X1 Three engineering changes have been approved and funded as the result of additional formats being introduced and additional testing requirements being levied on the contractor. The current funding is [redacted] 25X1 all of which has been jointly funded with GIMRADA.

2. In a letter from the contractor, dated 16 March 1967, an over-run payment of [redacted] 25X1 was requested to complete the two instruments. This, in effect, raises the Contract Price to the Ceiling Price of [redacted] 25X1 The reasons furnished by the contractor for the additional funding were approved increases in Engineering and Factory Overhead rates and G&A for the past two years, and a large unanticipated amount of vendor liaison, expediting, and in-house rework of vendor parts. The Technical Development Staff recommends that payment of this overrun be made. Coordination has been made with GIMRADA, who is taking the necessary action to authorize the expenditure of funds for their portion of the project.

3. In accordance with the authority delegated in paragraph 3 of the reference, it is requested that the overrun of [redacted] 25X1 (NPIC share) for the MFDBR be approved and charged against FY 1965
